PRESS RELEASE

AUGYVA ANNOUNCES PHASE-I OF ITS 2007 DRILL PROGRAM ON GOLD SHOWINGS AT YASINSKI

June 22, 2007 - Augyva Mining Resources Inc. (TSX-V: AUV) announces Phase-I of its 2007 drill program on gold showings on its 100% owned Yasinski property in James Bay, Quebec.

Further to the 2006-2007 exploration program that consisted in prospecting, soil and rock sampling, mapping, stripping, compiling, a VTEM airborne survey and a gravity survey, the Company will test multiple targets by a Phase-1 – 2,500 metre drill program, commencing in early July.

The Yasinski property, directly accessible by road, is located 80 kilometres south of Radisson and covers 7,936 hectares.

The 2007 exploration program is being funded by two recent financings which totalized \$1,900,000.

Further information is available on Augyva's website at www.augyva.com
